All the inventions on this website may be manufactured all I (J.L.King) ask is %2 of the income generated via the product manufacture and/or income generated by the implementation of concepts on theses websites, though there is no obligation it is absolutely Good-Will if you give 2% of the the income generated via the manufacture of products to *the real Aurther/science inventor (John Lawrence King) , In order to maintain the websites independently.*

Though fermented fruit and vegetable equivalents in the form of powdered gels + water (in manageable packets) to feed the poor (if the crops fail) should be completely free to manufacture in any contrary and the initial investment could be derived from flouting stocks on the stock exchange; just reference to this website for the inventive ideas please.

May I wish all love sympathetic compassion and diligent understanding to all under these difficult times (2026-2070) in evolution, as evolution should be with universal love.

This website does not collect money in any way (other than %2 above), if any are trying to use thise website to collect money in any way, please report any incidents to johnlawrenceking@bio-functional-foods.com

Be warned any terra/ miliary /Monarch websites could/has attempted setup on the devil(s) for miliary machine(s), though if the extremity cannot play devil-games the extremity might not start conflict, also any negative engineering through the newspapers, is not we real 666 devils. A 40% (of more) governmental-TAX-levy on all devil-games would stop or reduce the devil games so that legality would occur, with the help of UK profound barristers!

This website is for the people NOT for the hierarchy (NOT monarchism)
Yin Yang Quantum Buddhism is NOT for homosexuals or security
and **NO Yang Yanging, often it is bad/security/Rape and the truth is the victims always struggle to serve Rape don't agree to be raped.**

Most hypothesis on this website is based on the quantum field theory and the pattens in nature:-
Spiralling Galaxies structure that are mirrored in the Fossil Recorded;
Epigenetics is a dynamic Spiralling Structure;
DNA is a Helical Structures are Spirals;
Wathe spirals and swirl in the eddies of the river;
If you blow on the surface of your tea/coffee the pattens
are in physics, science and evolution with many examples...

This is an UK website we do-not use
Security or offensive weapons please be moderate,
harmless and respectful of UK law on these UK websites and be harmless,
how can the extremity be legally spotted in accordance to UK law, Profound Barristers from leigh in the UK?

Those that suffer ego need to humbly avoid all extremity and stay neutrality, during the quantum science renaissance

Yin and Yang, most information has a basis/template of quantum-physics; that is quantum equilibrium of the quantum polarities that is the template for good relationships, opposed to greed and selfishness.
study science subjects, crystal healing and other complementary holistic therapy systems as a personal growth system, see teaching schedules.

Those that are Buddhist (buddha and monks) please remember that quantum yin yang Buddhism is also devil technology, so please reference to Quantum Yin Yang Buddhism rather than unethical plagiarism, also don't try dumping the nazi symbol on the devils please; the devils do not deserve unethical treatment from any organisations, including Christianity...

Quantum-flip-flops :-
Quantum-flip-flops are when quantum entanglement polarity changes occur, this is achieved by utilising electrons when exchanging "atom-shell" when there is an energy change that has affect upon the quantum entanglement for room-temperature quantum computer CPU and Quantum-data-base-Systems – john Lawrence king 08.04.2026 (also see invention number 13).

Industrial microbiology Fermentation techniques could be used to ferment fruit and vegetable powdered-gels that will feed the poor during droughts/famines that could occur after 2026; An 100 industrial fermentation plants are needed to prevent famine(s) - prophesized by John Lawrence king (February 2026); Each of the fermentation plants potentially could produce 2 hundred weight of fruit/vegetable powdered-gels packets and thus famine(s) could be prevented; When/if the fermentation plants are built , the impacts of droughts would end; the fermentation plants would produce adequate food to prevent future famine(s), that are the results of malnutrition, inducing famine that could be of the past, as malnutrition would be permanently resolved with the implementation fermentation plants where photosynthesis is not feasible.

+ 10 ---------- neutrality ---------- - 10
Evolved individuals avoid all behaviour extremities, they stay at neutrality as neutrality will maintain celebre-fluid-homeostasis

Goodness is being of service to help others in a lawful harmless way as the flowers
grow both polarities of the path of evolution.

Those of neutrality know it is not necessary to head shave; involved individuals are none-competitive pioneers and conform to no trends set by those that want power and control over others; selfless love is neutrality whist on the Tao of evolution.
Goodness is being of service to help others in a lawful harmless way as the flowers
grow both polarities of the path of evolution.

Those of neutrality know it is not necessary to head shave; involved individuals are none-competitive pioneers and conform to no trends set by those that want power and control over others; selfless love is neutrality whist on the Tao of evolution.

Spirits will integrate with organic NeuroMorthogenic Cybernet humanoid systems utilising quantum entanglement and tunnelling (see Japanese... research), some recent research: cybernetic humanoid robots with water motors neural network -
Quantum microswitches - when electrons jump automatic shells the electrons are affecters, affecting the quantum polarities of the structure of quakes and gluons; the electron affecters could be utilised for quantum entangled switches/quantum flip/flops/none-invasive neurolinks, also that compilers should prevent A.I. abuse.

Quantum switches, entanglement usage in modem microswitches would be useful for an entanglement interface systems to transfer entangled energy/consciousness

Applied-Neuro-PhysicsScience
Applied-Neuro-PhysicScience is the usage of Quarks, Bosons, Leptons and Gluons in an applied science/holistic way.

Those that are wealthy and at zero 0 = neutrality referencing to universal love and ethical materialism, being the position of neutrality on the evolutionary path of personal and intellectual growth together with reasonable ethical materialism may sill be neutrality, depending upon the enthesis given to wealth and power; if wealth and power is all consuming, where/how is ethical harmless happiness?.

To understand the abstract concepts on this website a basic knowledge of the Quantum-Field-Theory is necessary
This website does not take any type of donations or charity money *(see bio functional foods - a method of feeding the poor)*
This website is for the people, Not Monarchism even though my ancestor's were monarchs,

I'm supporting a peaceful referendum for NO monarch on the throne, to create sustainable peace in the UK.

***In the UK, equilibrium between left and right would perhaps unite the Welsh, Scottish, Irish, and English people in Peace via a voting/Referendum system; this patten of equilibrium sustainability would create/make and keep long-term-sustainable-peace elsewhere, peace could be created if antagonistic-opposites in Christianity Where/are reduced (perhaps via co-evolving mutualism)*; and as there has been no sustainable peace in the UK for thousands of years a referendum for no monarch on the throne in the UK so to stop the monarch(s) competitive behaviour and bring long term peace with the UK populous.**

Governmental Tourism

Governmental Tourism would be ideal in the UK with each monarch enhancing tourism with an individualist Museum to represent all Monarchs dating from 200 A.D. to 2026. Information about the museums would be within a timeline book specifically for the tourists that fly to the airports and perhaps hire a luxurious motorhome so to travel the tourist timeline(s) of the united kingdom, together with other turist atractions for Governmental Tourism

Yin Yang Quantum Buddhism will help to prevent the repetition of Nostradamus prophecies and help prevent the repetition of history
DNA profiling and face recognition will keep the criminals out of governments, providing the data bases are not corrupted (also see governmental industrialism)

Those that are vegetarian, vegan, and/or raw-food-vegan
quite often have better health than those that are not "Plant based Nutrition - S.Welsh book - 2003"

Balanced moderate thought is reasonableness;
reasonableness leads to humbleness;
humbleness leads to learning opportunities of none-competitiveness;
none-competitiveness leads to love and leaning enhancers;
so the evolution may be positive with harmless universal love.
I'm not a master, my humble self is reasonable.

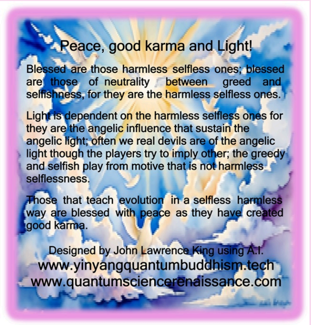
The above graphics/Tao symbols are quite important representing universal love and the pattens of science evolution (see structure of quarks & gluons - Search Images – and the quantum field theory); the graphics show the pattens of science evolution are quantum equilibrium of the quantum polarities that is + and - 10 and equilibrium (see hypotheses for parallel universes and universal inflation in within science hypotheses to explain the origins of the universe).



Peace, good karma and Light!

Blessed are those harmless selfless ones; blessed are those of neutrality between greed and selfishness, for they are the harmless selfless ones.

Light is dependent on the harmless selfless ones for they are the angelic influence that sustain the angelic light; often we real devils are of the angelic light though the players try to imply other; the greedy and selfish play from motive that is not harmless selflessness.

Those that teach evolution in a selfless harmless way are blessed with peace as they have created good karma.

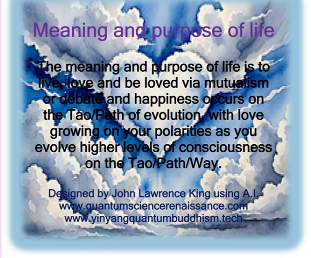
www.quantumsciencerenaissance.com

Those that would create good karma are harmless and do on to others as they would do on thine self; to reiterate - Treat others the way you would treat your self

Please note that the look-a-like pictures are NOT me, they are what was on my mobile phone at the time of taking the photograph, I'm not responsible for the behaviours of the lookalikes, if proven to be good and harmless! that would be fine though I do not need Imposter terra.

Evolution is perpetuated via the most appropriate gene mutation, given internal and external environmental factors based on chemical and quantum affinity, this is science of molecular evolution during meiosis and mitosis (this normal cellular division); However, Darwin (1820) of the battleship-Beadle thought in error that evolution is "survival of the fittest" if all people think Darwin is right - the competitive minds of extremities will cause future chaos, mayhem, and further conflict.



Meaning and purpose of life

The meaning and purpose of life is to live, love and be loved via mutualism or debate and happiness occurs on the Tao/Path of evolution, with love growing on your polarities as you evolve higher levels of consciousness on the Tao/Path/Way.

The perfect relationship and the patterns of science evolution

This is a bit of a hypothesis, yet to be proven, both polarities of male and female brain is different, the male (yang) and female (Yin) neurological networks are different in density and structural difference.

The difference creates differentiated quantum energy via quantum entanglement *(See bitcoin encryption-keys - in book)*. A magnet has quantum equilibrium, co-evolution is equilibrium that is an innate noncompetitive patten written in science evolution *(i.e. relationships evolve better with pattens of none- competitiveness, as with molecular and quantum evolution, whereby two souls grow and stay together via coevolving mutualism, in accordance with the pattens of science evolution).*

Also see: - *Astrological Evolution - Towards the evolution of astrology, upgrading astrology into Astrological Quantum Biology*.

The perfect relationship and the patterns of science evolution

'Equilibrium of yin-female/yang-male will diminish the divorce rate via Sensitive debate mutualism'

Perfection in a relationship is important as the Tao of the relationship is dependent upon the equilibrium of the polarities of Yin(female) and Yang(male) and sensitive communication.
The rationale is that intuitive balance is associated to Quantum Atmospheric Tao, that is enhanced intuition, the more natural the personalities are the intuitive enhancement that is associated to the third level of understanding of the Tao the true purpose of life *(will be explained with the divine Tao, still waiting for the evolved mathematics).*

Designed by John Lawrenc King
for Yin/Yang Buddhism

There are two natural ways to evolve on your Tao: via debate or via coevolving mutualism, if you are a Taoist Monk evolution is via debate, though mutualism has been chosen by many: that is via co-evolving mutualism with YinYang balance so to perceive the divine Tao within a natural YinYang relationship. Perhaps some may ask why science is important in relationships and the answer is that the pattens of evolution are written in nature via universal inflation, quantum evolution and molecular evolution. As with the hypothesis: the origins of the universe (see ***www.YinYangBuddhism.com***); the first quantum polarity initiated the pattens of science evolution, the parallel perception with Yin-Yang coevolving mutualism is that polarity of Yin-Yang is has a similar patten, at quantum level the atmospheric Tao polarity of Yin-Yang is balanced with sensitive communication is the evolution or the Tao of the relationship of which, is correlated with Quantum Astrological Biology by John Lawrence King .

Towards the evolution of astrology, upgrading astrology, into:-

Astrological Quantum Biology

PHILIP'S
PLANISPHERE

Towards the evolution of astrology, upgrading astrology into astrological quantum biology Astrology has patterns of social behaviour that have been shown within the astrological signs since the Myers culture who were the first astronomers, they calculated the distance of planets/constellations from planet Earth to the planetary constellations.

The patterns of social behaviour associated to each astrological sign corresponds to the astronomical constellation clearly shown within Greek astrology; also, Chinese astrology seems to be more precise because it has more emphasis on the moon cycles. However, Greek astrology is quite wrong in respects to the fact that the

planets do not move around the planet Earth in actual fact the planets revolve around the sun within our solar system in accordance with astronomy.

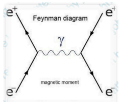
Planetary interactions, meiosis, mitosis and cerebral fluid Planetary interactions have an effect on meiosis and mitosis via solar interactions yet to be proven via quantum biology. Physiologically, quantum tunnelling and entanglement are generally thought as the mechanisms of planetary interactions, though other quantum
interactions also transpire yet to be proven see question: -

Question for the Quantum-Biologists and Enzymologists: -

"How does a cerebral fluid enzyme hold audio and visual memory (e.g., a Chinese character); before, during and after transmission of neurotransmitter from one neuron to another neuron. A laboratory experiment is necessary; whereby simulated cerebral- fluid is within a petri-dish, containing neurotransmitters, neurons and enzymes with a control mechanism transmitting the neurotransmitter along the polarised neuron to the enzyme, and some

mechanism to quantify and qualitatively compute how an enzyme holds memory, other than quantum entanglement and tunnelling; There is some other mechanistic unidentified phenomenon not yet known. If you have a reasonable hypothesis as to how, please do not hesitate to contact me at johnlawrenceking@bio-functional-foods.com for dialogue".

The solar-space-weather is the measurement of electrons, photons and protons, the electrons coil after/during the magnetic moment together with the different quantum-flavours accounting for the colours red, blue and green quantum flickers/luminosity during a thermal dependent quantum kinetics that are most probably dependent in electron polarities and vis versa with quantum entanglement/tunnelling and some other **phenomenon** not yet know *level (see: - A laboratory experiment is necessary)*; thereby making photons via the magnetic moment, the hypothesis is that a photon travels in a spiralling system similar to a spiralling-galaxy *(that has an out-put of dark matter).* see figure 1a: - Figure 1a - Feynman diagram, *(there are an infinite number of Feynman diagrams that are graphical representations of equations).*



The Feynman diagram shows the Electron positron scattering (called the magnetic moment) where two electrons collide to produce a photon Ύ, given by diagram that represent two integrals that are electrons, and the intermediate photon Ύ is a symbol that carries the quantum numbers of the exchange *(but not mass, as a photon has 0 charge and 0 mass and 1 spin).* The electron scattering exchange is qualitatively even, each other the results between are like and unlike charges that are different, as the two electrons colloid a photon is emitted that last approximately two milliseconds, the quantum electromagnetic waves are indicated by Ύ that discharges to the other electron and/or quark/antiquark *(depending on diagram)* fields, *diagram by (P. Richard approximately 1918-1988 - Feynman), for detail see:-*

During day and night the sun and moon has quantum interactions. The sun interacts via solar flares that are hydrogen explosions from the sun, at night the moon reflects the suns light that quantum interactions; though as Earth move through *(via rotation)* the planetary constellations, planetary-quantum-interactions occur. The planetary-quantum-interactions combine with global consciousness and the sun and moon interactions affecting the physiology at quantum level; significantly for Astrology, Astronomy and Quantum:-

Astrology – over thousands of years astrology has shown social behavioural patterns allied with each planetary constellation.

Astronomy - over thousands of years (since the Myer civilization) Astronomers have been calculating and observing the planetary constellations and quantum

interactions within the perceivable cosmological solar system; referred to as cosmology, **astrophysics/astro biology** *(space tech)*.

Quantum-Biology – Quantum-Biology is quite reascent it is the combination of the discipline of Physics, Biochemistry and physiology to understand the enzymology (also epigenetics) and physiology of humans in a comprehensive way. Now, the combination of Quantum-Biology, Astronomy and Astrology will be a specialism of the three specialisms above with an objective to prove that meiotic, miotic cell division and all physiology is affected via planetary-quantum interactions; combine with global-consciousness and/or the sun or moon interactions affecting the physiology including cerebral-fluid at quantum *level (see: - A laboratory experiment is necessary).* The above combination would be an academic discipline one third of the study should involve laboratory research, a third theory and a third essays, dissertations, theses, depending on the level of study (Concepts thought of during 2002 by john Lawrence king).

Planetary-quantum-interactions the hypothesis is that planetary quantum interactions correspond with the constellations together with planetary interactions upon the physiology via quantum entanglement and tunnelling with some other unknown quantum phenomenon yet to be discovered (see question for the Quantum-Biologists and Enzymologists).

Meiosis occurs before conception during sperm and egg, utilising meiotic cell division; miotic cell division occurs there with the nine months pregnancy and thereafter. Planetary quantum interactions influence both male and female via both meiosis and mitosis throughout life from preconception into old age.

Thus, the planetary quantum interactions interact throughout life and is shown in social patterns of astrology; not astronomy, even though quantum biology shall eventually prove that the patterns in astrology are average reality for most, as to the question with reference to cerebral fluid quantum enzymic reactions, result in memory retention and transmission from one neuron to the recipient neuron; Therefore, the planetary quantum interactions and consequential

quantum effects on the cerebral-fluid enzyme and resultant social patterns shall be proven and the quantum interactions, once the question specified for the quantum biologists and enzymologists has been answered. Assuming planetary quantum interactions are proven to have impact on the physiology, both enzymology and Epigenetics are affected with resultant patterns; within enzymology that would be cerebral fluid and immunological interactions and with epigenetics, the hypothesis is in a transgenerational way. Thereby, affecting both social patterns and transgenerational epigenetics, as quantum tunnelling interactions are known to interact, also with the DNA structure via quantum affiliate resulting in dynamic chemical-affiliations during epigenetic interactions (KING.J. K - 08.01.2023)

Romantic suggestions linked with astrological quantum Biology (meiosis/mitosis) with an objective of creating an dating app.

biology Romantic suggestions linked with astrological quantum-biology would be very compatible and

coevolving mutual relationships would be long-lasting as the beneficial information provided via the new astrologers of astrological quantum-biology would be very precise, opposed to anecdotal information currently available from a system that sill teaches the earth is the centra of the solar system of which is not true, the sun is the centra of our solar system (KING.J. Within the air we breathe there is entanglement, tunnelling and some additional quantum phenomena interacting with the physiology.

The 2 up & 1 down quarks and 1 up & 2 down quarks would seem to be the quantum mechanics of entanglement interacting between molecular structures of electron polarity change that determine the rotation of enzymic structures in quantum biology; Though in atmospheric physics it would seem the carrier of quantum entanglement is atmospheric h20 (quarks are within the protons of water) and the triangular quark structure within the air we breathe that is the carrier of simultaneous quantum entanglement and tunnelling with some additional quantum phenomena interacting with the physiology.

On The Tao of Nature

On the Atmospheric Tao of time
The love of Yin and Yang are forever lasting
Like the patterns of natural Tao is forever lasting
Where souls evolve and the love is forever lasting

Through the dimensions of time
Of the Tao, the quark entanglement we breathe akin to life's building blocks though forever lasting love is eternal

On the Tao of space and time
We will embrace for all eternity
Heavenly and delightful entangled on the etheric Tao in perfect synchronised harmony the love always entangled in life and eternal life of infinity

Planetary pattens of constellations and Tao are intertwined and the pattens manifest with the Tao
you and I are manifestations of Tao pattens through the dimensions of time
The meiotic manifestations of the constellations and Tao
That shine light on all humanity
When heavenly inspired lights your Tao eternally with the eternal light of evolved individuals

The harmonious symphony of the Tao brings universal love so divine
pattens of nature like a lovely symphony when in harmony so heavenly surpasses all beauty
when the true Tao is known

Harmony of Yin and Yang is heavenly on the Tao patterns of evolution are known
the enhanced intuition brings heavenly understanding on the Tao of Yin and Yang
true love and Tao love shines like a timeless dream for all eternity

Also unless nutrients are proven to be safe by science, don't eat!

Bio Functional Foods/Gels are fortified, fermented and enhanced foods to provide nutrients during drought and flood environments and also to supply the supermarkets, Asda, Tesco, Aldi, Co-op, other super market/retail outlets... and also for charitable organisations.

Fermentation techniques are more productive/faster/more efficient than traditional growing seasonal crops

Bio Functional foods/Gels are gels grown from bacteria, fungi and algae (utilising synthetic biology *(see bio-ethics in book)* and fermentation), grown under laboratory conditions on an industrial scale. The functional gels/foods would contain NAD+, Sirtuins, trans-resveratrol, protein, minerals, vitamins and other health beneficial ingredients also derived from fruit/vegetables.

The tofu-like-jelly-blocks of functional foods would be in different colours to represent different nutrients that have both nutritional and health benefits, perhaps complement or even replacement of fruit and vegetables in the future due to long shelf life(1 year); Specifically Bio-Functional-Gels/foods are to freely feed populations after/during droughts, floods and wasteland/desert environments, though reforestation is often possible.

The dynamic statistics derived from invention number eight, the Bio-Marker-Watch would indicate the appropriate colour Bio-Functional-Food/Gels.

Bio functional gels/foods are an solution to environmental problems that are likely to occur in the future also the production techniques make bio-mass calculations not so important with respect to the potentiality of photosynthesis.

The materialism generated via the supermarkets would generate necessary cash-flow to supply the distribution-charities that would not rely on donations so to freely supply bio-functional-foods/gels to other charities and feed the poor during future environmental catastrophes due to pollution/climatic changes *(please note: the next ice-age is not due for 50.000 years); also note n*o person(s) is/are obligated to supply food to populations, or to improve the environment.

This business venture proposal, for experienced biotech industrialists*(perhaps even Temple/Monastery(s)* with the right type of help) interested in investing into the manufacture of bio-functional-gels, the researchers with recent lab-based-experience are required though.

The companies would have charity (not for profit) status and comprise of three elements:-

- A manufacturing industrial unit(s)
- A sales organisation(s)
- A charities(s) for the distribution of Bio-Functional-Gels dirived form fermented techniques from bacteria, utilising fungi and algae.

The companies would be distributed in different countries, if you are interested and from a industrial food *processing manufacturing company or harmless organisations; interested in the manufacture of Bio-Functional-Food/Gels please send your inquiries to johnlawrenceking@bio-functional-foods.com*

Please note, this is NOT a franchise, it is a philanthropical (not for profit) business opportunity whereby the companies would be economically self-reliant as the income generated from sales to supermarkets/retail outlets would have resultant independent autonomy, and help feed the poor; **if any would like to help with a cash-flow-forecast towards pleases send to:** **johnlawrenceking@biofunctionalgels.charity** also eventually a instruction book on how to manufacture Bio Function Food/Gels^Tm

A lot of research is required to achieve Bio-Functional-Gels, perhaps an harmless established biotechnology organisation(s) would be interested? or Perhaps large corporate organisation(s) ?; One UK company has been established by me though not trading yet! at this time I have no funds to start the company: https://find-and-update.company-information.service.gov.uk/company/14645535/filing-history though I shall eventually have funding to begin trading.

Please note that the look-a-like pictures are NOT me, they are what was on my mobile phone at the time of taking the photograph, I'm not responsible for the behaviours of the lookalikes, if proven to be good and harmless! that would be fine though I do not need Imposter terra.

Those individuals that intend to communicate with the real author/inventor the only way is via email: **johnlawrenceking@bio-functional-foods.com** or mail.

Pattern(s) of Evolution

The patten of ecology within a petri dish will show that equilibrium of the bacterial polarities within the bacteria colony of the petri dish will balance to equilibrium; proving equilibrium of the polarities is a patten of the ecology within a petri dish. The pattens of equilibrium are in science evolution and also natural-relationship evolution; the science hypothesis is that evolution is not competitive at quantum or molecular level, even at relationship level as shown with the Taoist symbol *(see TaoEvolution symbol – yin/yang coevolving mutualism) .*

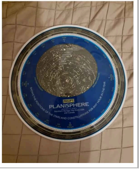
Quantum astrological evolution

Towards the evolution of astrology, up-grading astrology into Astrological Quantum Biology



Romantic suggestions linked with astrological-quantum-biology would be very compatible and coevolving mutual relationships would be long-lasting as the beneficial information provided via the new astrologers of astrological-quantum-biology would be very precise within a new dating App.

This is a bit of a hypothesis, yet to be proven, both polarities of male and female brain is different, the male (yang) and female (Yin) neurological networks are different in density and structural difference. The difference creates differentiated quantum energy via quantum entanglement *(See bit-coin-encryption-keys - in book).*

A magnet has quantum equilibrium, co-evolution is equilibrium that is an innate none-competitive patten written in science-evolution *(i.e. relationships evolve better with pattens of none-competitiveness, as with molecular and quantum evolution, Whereby two souls grow and stay together via co-evolving mutualism, in accordance to the pattens of science evolution).* Also see:- *Astrological Evolution - Towards the evolution of astrology, upgrading astrology into Astrological Quantum Biology.*

Entanglement hypothesis

The science hypothesis: there is pattens and similarities/parallels of up and down quarks within pattens of atmospheric water molecules whereby tunnelling and entanglement and the two up and two down quarks *(perhaps also interactions with leptons/bosons)* of neutron(s) and proton(s) have similarities with atmospheric water molecules and the resultant patten(s) of quantum entanglement, within quantum atmospheric entanglement.

So, we breathe in and out quantum entangled quarks; that suggests that quantum atmospheric entanglement is the vector of quantum entangled thoughts, though the way to prove thought = energy, internal and external to the physiology is via Quantum-enzymology and Quantum-chemistry of which is perhaps necessary together with an new branch of mathematics and laboratory experimentation to prove the resultant hypothesis derived from the question(s).

See question: - Question for the Quantum-Biologists and Enzymologists: - How does a cerebral-fluid enzyme hold audio and visual memory *(i.e., a Chinese character and associated audiometry)*; before, during and after transmission of neurotransmitter from one neuron to another neuron.

A laboratory experiment is necessary; whereby simulated cerebral-fluid is within a petri-dish, containing neurotransmitters, neurons and enzymes with a control mechanism transmitting the neurotransmitter along the polarised neuron to the enzyme, and some mechanism to quantify and qualitatively compute how an enzyme holds memory, other than quantum entanglement and tunnelling; there is some other mechanistic unidentified phenomenon not yet known. If you have a reasonable hypothesis as to how, please do not hesitate to contact me at johnlawrenceking@bio-functional-foods.com for dialogue.

The origins of the universe Hypothesis

Hypothesis - *big bang and/or inflation* ***was initiated by the first quantum polarity by God*** *(a laboratory science experiment to prove or disprove if energy is intelligent or not is required, if there is no god, there is nothing but fake monarch gods within the energy around the circumference of planet Earth, though at the origin of the universe the mass of intelligent energy is not you or I)* ***Later the*** initiation of matter and antimatter to initiate the big-bang and evolutionary space-time.

The hypothesis is that dark energy evolves into dark matter ***(via rotating universe/galaxies, the spiraling galaxy are an quantum-mechanical-system, the input into the system is dark energy and the output is dark matter, towards universal-inflation of space-time)*** thereby the resultant inflationary/evolutionary space-time, gravity - space-time are correlated.

The patterns of evolution are shown in evolutionary biology, evolution of parallel learning techniques and also quantum evolution; similarly, the pattens of evolution are within the origins of the universes, there was two quantum polarities *(perhaps even quantum polarties of parallel universes resulting with universal inflation)* initially in parallel before merging to create the big bang and Universal inflation thats evolution/time.

The pattens of the origins of the universe are similar with quantum polarity/affiliate and chemical affiliate for molecular evolution, similarly with species evolution there is polarity between male/female not only with the obvious though with brain structure and density of the neurons are different between male and female neurologically speaking.

Perhaps it is reasonable to hypothesise that the first quantum polarity was initiated via a mass of congealed energy that initiated evolution; the hypothesis is that the patterns of evolution were initiated to create an organic system for evolution; the ***rationality and purpose of life is to live, to love and be loved and evolve, preferably via co-evolution or debate.***

The patterns of co-evolution are within the physiology between immunity and pathogens; the same patterns of co-evolution exist between the bacteria and fungi... in the soil that plant-life *(prokaryotes)* are dependent upon - Hypotheses by john Lawrence king.

The soul is the same, male/female the soul is the same, derived from the evolved energy from the origin of the universe is part of the hypothesis.

The ***Miller-experiment*** proves the first *self-replication-cells* were proteinoid(s), though does not prove the *spark-of-life*; of which, utilises quantum entanglement and tunnelling and some *additional phenomena* to affect the quantum polarity of meiosis and mitoses during cell division within the physiology. Quantum-Field theory (as mentioned Pro.D.Tong on utube) would enhance the Miller experiment if combined so to prove that quantum entanglement and quantum tunnelling are involved with the first proteinoid(s) and the spark of life.

Positive harmless evolution, combined with environmental sustainability will create long term sustainable peace". Kind regards John Lawrence King

A mile-square-gated-community would be suitable for housing the UK elderly, so that independent living within a communal community would be a safe and happy community to live within UK and perhaps elsewhere; also with self-reliance (financially, and food production via internal roof-greenhouses) and a railway system for communal travel between shops and industries.

Those that need funding for governmental-industrialism would perhaps like to consider floating governmental-domestic and/or industrial-bonds on the stock exchange to restart/save/enhance the economy.

'Equilibrium of the parties/polarities will keep peace towards communal-living'

'The pattens of science evolution are Equilibrium of the polarities'

PROOF:-

The laboratory experimentation of two laboratories often produces the same results if applied to real science in the absence of agender-based thinking of hierarchical management;

With real science *(not pseudo-science – or management)* the two laboratories are using the same science data, equipment, and methods of which, would evolve the same results if there is no faults in the derived experiment. Thus, proving that the two laboratories would evolve the same results in a non-competitive-way; therefore, non-competitive-equilibrium of the polarities is the pattens of science evolution.

Project to prove evolution within a petri-dish

1. select two or more bacteria species and/or strains of bacteria to work with (e.g E.coli.....)
2. stain the different strains and/or species of bacteria as they grow with contrasting coloured stains
3. as the strains and/or species of bacteria evolve, notice that the coloured stains stay separate as the different bacterial colonies utilis metabolites that have been metallized via co-evolving strains and/or species of bacteria.

4 using time-laps-video monitor the contents of the petri-dish over a two-week period so to visualise dynamic evolution of microorganisms within the petri-dish.

DNA profiling and face recognition will keep the criminals out of governments, providing the data bases are not corrupted

Governmental industrialism

Governmental industrialism is the solution to enhance the GDP, reduce unemployment, reduce the trade-deficit *(if the currency/pound is not too strong)* and eventually pay of the national-debt; Governmental industrialism would be financed via flotation of governmental bonds, this plan is applicable for the UK and other technetronic-plate(governmental) business" John Lawrence King.

The people's Democratic republic party is a better alternative than Monarchism *(as history has been repetitive);* Idealistically a referendum for no Monarch on the throne would bring peace, as Monarchism will become less important during the Quantum-Science-Renaissance and peace" John Lawrence King

Peace sustainability and environmental sustainability are related and important during the quantum science Renaissance; Monarchism will become less important during the Quantum-Science-Renaissance; *There are many techniques the UK monarch uses for* ***enslavement*****, the solution is a international petition for a referendum for no monarch on the UK throne,** together with rewriting the bible the outcome would be long-term-sustainable peace. John Lawrence King

In the UK, equilibrium between left and right would perhaps unite the Welsh, Scottish, Irish, and English people in Peace via a voting/Referendum system; this patten of equilibrium sustainability would create/make and keep long-term-sustainable-peace elsewhere, peace could be created if antagonistic-opposites in Christianity Where/are reduced (perhaps via co-evolving mutualism)**; and as there has been no sustainable peace in the UK for thousands of years a referendum for no monarch on the throne in the UK so to stop the monarch(s) competitive behaviour and bring long term peace with the UK populous.**

Governmental Tourism

Governmental Tourism would be ideal in the UK with each monarch enhancing tourism with an individualist Museum to represent all Monarchs dating from 200 A.D. to 2026. Information about the museums would be within a timeline book specifically for the tourists that fly to the airports and perhaps hire a luxurious motorhome so to travel the tourist timeline(s) of the united kingdom, together with other turista tractions.
Governmental Tourism

Those that have been enslaved are vulnerable to blackmail and perhaps should not be in governments.

During peace-times governments become strong providing they're not blackmailed into corruption;

The solution to long-term-global-peace is compatible political philosophies, perhaps The peoples democratic republic parties would make and keep sustainable peace (see structure of the Analytical Pece Keeping System/Model). Providing the Devil-games of 6.6.2026 to 2066 of prevented Nostradamus prophecy of 2070 will not occur; though let there be 50-100.000 engines... for the poeple!

I'm the template the monarchs have been copying

As you and others walk the path/Tao of personal-growth Learning how to be balanced, moderate and fair (via debate and/or mutualism) in an harmless way on your forever changing scales of reasonable perception.

Observe +10 and -10 though stay balanced, moderate and harmless on your Tao/Path.
-10-- 0 --10+

There is Quantum sciences, molecular and real environmental sciences though most, if not all pseudoscience/management is management for power and control over others. The meaning and purpose of life is to live, love, and be loved on your Tao whereby happiness occurs whist evolving providing happiness is permitted.
The solution to long-term-global-peace is compatible political philosophies, perhaps the peoples democratic republic parties would make and keep sustainable peace.

"the more you grasp onto love the more elusive harmless love becomes" John Lawrence King

"the competitive mind is a conditioned mind, not natural and not a pioneering mind" John Lawrence King

"The meaning and purpose of life is to live, love and be loved and to evolve, preferably via co-evolving mutualism or debate" happiness occurs on the Tao if harmless, and if you create good karma in a harmless way, without selling your soul;
the first step towards happiness is being content with self and loved ones.

Perhaps I should clearly state that my book and websites are NOT an election or Monarch campaign, also If you are using offensive weapons in any way, come off my websites as I do not use security.
This website is not for control or power other others.

About the devil games:

Do not blame the 666 devils for anything, the devils are NOT an escape for your questionable behaviour.

Those that have been playing devil-games are in the shadows of the dark cave Plato refers to (*in classic Greek text*); are those in Plato's dark cave dark cave of dishonesty, corruption and criminality.

use self-appraisal to see where you were/are on your forever-changing scales of awareness.

"ignorance is the enemy of intellectualism"

The O represent evolution in the light of Yin/Yang Quantum Buddhism as the basis of Quantum and Molecular science is the light of truth, or the reality of science(s) mixed with science Hypothesis(s) and **A list of Sciences invention's by John Lawrence King** that are forever lasting once proven by scientist(s). Written by John Lawrence King *(not you).*

The monarchs are bullying governments into being obedient and blaming the devil; those borne on a 666 days take care on 06.06.2026 and also the Month of June 2066 be wary of those pursuing wealth and power during 2026 and 2066, those pursuing love and harmless happiness are trusted.

There is negative or positive evolution during the quantum science renaissance, in the event of diplomatic governmentalism (not dictative monarchism) and the bible is rewritten there will be long term sustainable peace; if the bible is not rewrote before the 2026 the devil-game will continue and there will be chaos, mayhem and conflicts... thought often the devils are blamed whom are all innocent.

The UK 17th century monarch has been competitive against the UK 6th 12th and 15th century monarch since the 17th century, the competitive behaviour of the UK 17th century monarch has not change other than the competitive behaviour is hidden.
Those on the internet trying to supress my website for money are the scammers, perhaps involved in more corruption for money then known; I advise the suppressive scammers be investigated for fraud and corruption!

During 1918 the Stewart Monarch was involved with negative engineering at the devils expense; the Stewart Monarch was playing devil with Freud, Jung and a Mathematician whilst abusing a devil during 1919 when the UK Police were established during 1919, all basted on devil games that began with the romans about 50 years A.D. previous to approximately 50 years A.D the romans used the Greek system of the 'Greek Gods' that were actually the Monarchs competing for more power and wealth during B.C

I'm getting terrorized at night whist sleeping for being good and harmless by you know whom in the UK,
perhaps it is because 666 devils always get blamed for other people's behaviour, though the real fault is in Christianity opposites (25.12..... and 06.06......).
Three 666 devil(s) have difficulty finding a spouse because of the devil-games via people like you if you are a player;
Analytical self-appraisal is required of you!

The devil player(s) are often involved in insurance-fraud so I invite all insurance-fraud-investigators on my websites in the name of crime prevention.

Often people sell their soul for money or power so that the ones that sell their souls' for money or power - have no after-life or there after-life is compromised, this is enslavement.

Love and harmless happiness is worth more than enslavement via various enslavement techniques that the monarchs use to gain power and control other others in life and after life, do not sell your soul of which is far beyond tangible value.

Do not build your house on corruption/sand(bible), build on legality!

If this website changes in support of military or monarchism, that will mean I'm I've been hacked/threatened whom want to promote military and monarchism that I will not support; please Keep the Monarchs off this website using harmless legal techniques

also see: A system of analytical peace keeping

Is there any laws protecting the 666 devils from the abuse of Christian system,
the competitive minds are love inhibitors
noncompetitive minds are love enhancers

During the devil games from 06.06.2026 to 2070 there will be chaos, mayhem and eventual conflict from the resultant corruption.....; This is the reason why history repeats every 100 and 1000-year cycle; history has been repeating for over 6000 years with similar pattens; any person can analyse the pattern if the fragments of history are known.

The Winsor(s) wrote the game of thrones books that will be neutralised with a peaceful referendum-vote for NO monarch on UK the throne.

This is an UK website please be moderate, harmless and respectful of UK law on these UK website(s) and be harmless.

Evolution is perpetuated via the most appropriate gene mutation, given internal and external environmental factors based on chemical and quantum affinity, this is science of molecular evolution during meiosis and mitosis (this normal cellular division); However, Darwin (1820) of the battleship-Beadle thought in error that evolution is "survival of the fittest" if all people think Darwin is right - the competitive minds of the extremities that cause future chaos, mayhem, and further conflict.

Please note this website is for keeping peace, evolution with compilatory, tolerant, understand and with universal love compassion and understanding together with the people's belief system(s) for current and future time(s) periods during this 1000-year cycle to 3001 the beginning of an unimaginable abstract science cycle, though evolution should always be positive with a foundation of universal love.

some Quantum-resonance via colour/sound of music that is the result of quark-flavour changes via quantum entanglement affecting the quark-flavours;

The invention of Quantum_Atmospheric_Chromatography equipment would interpret the flavours of quantum quark so that the different colours of the resultant resonating sound be shown upon a graphical display, this is precise science of music:-

The above perhaps may be utilised for sound and colour therapy in the future after the Quantum_Atmospheric Chromatography equipment and other Quantum equipment proves that colour therapy actually works. Also Quantum_Atmospheric Chromatography equipment **may perhaps be utilise for** quantum atmospheric studies **for temperature dependent ozone replenishment.**

The quantum Quarks = blue
The quantum Bosons = yellow and green
The quantum Leptons = red

The postulated science hypotheses that the quantum quark(s), boson(s) and lepton(s) within the quantum fields interact with quantum-sound-resonance; the question to be proven or disproven is that the quantum quark(s), boson(s) and lepton(s) have quantum-polarity, and that the quantum affinities/interactions are dependent upon the quantum polarity changes; that make the quantum-flavours change in accordance to polarity affinities, in turn this changes the quantum-flavours;

Utilising the quantum equilibrium of the quantum polarities, measuring the quantum polarities that each colour of the flavours of the fluctuating quacks can be measured and represented in that dynamic video system of the quantum_atmospheric_chromatography machine.

Thus, the quantum-flavours change according to quantum affiliate, as the resultant effect of the quantum-sound-resonance the induces the polarity change(s). The above shall be proven with the sciences inventions: - Quantum-Atmospheric-Chromatography-Machines, combined with a dynamic video system to display the results and effects on the physiology at quantum level; this could take some years to evolve though the results would be worthy of the investment in to the necessary research in to achieving the Quantum-Atmospheric-Chromatography-Machines as the research for quantum atmospheric equipment would perhaps begin withing the Acoustic science-laboratories and later the quantum 3D printing equipment laboratories.

A List of sciences invention's by John Lawrence King

Written by John Lawrence King

1) Digitised minimised DNA product, to make electrophoresis obsolete (John Lawrence King - 2002) – concept given to Chinese government.

2) RAM drive (Random Access Memory drive) that became the Solid-State hard drive (John Lawrence King - 2002); Samsung made equivalent to four million!

3) Earthquake Dampening system (John Lawrence King - 2003) a concrete & bacteria combination was developed.

4) Satellite Energy generation and transmission to infrastructure, cars /buses/lorries(only one battery needed)/batteries, Mobil phone, street-lights, industrialism…. (John Lawrence King – 2006 - also see N' 10 invention)
5) Bio-Functional-gels Bio-functional-foods/Gels | Bio-functionalfoods.com (John Lawrence King - 2021), also see Bio-marker-watch.

6) Microbial clouds precipitation utilising synthetic biology to develop the correct bacterial species (John Lawrence King - 2005); I wrote to the Botswanan government and a resultant research paper was undertaken:- Impacts of Saharan Dust Intrusions on Bacterial Communities of the Low Troposphere (2020, Nature.com)

7) Energy generation via water-combustion so to turn turbines for electricity generation. water-combustion for cars, lorries, buses, trains…and steady-state-flame via liquid chromatography techniques. (John Lawrence King - 2006)

8) Bio-Marker-watch – fundamentally it is a smart-watch with additional functionality and graphs showing a person's Biomarkers via live/real-time statistics for biological age not chronological age on a daily basic so that both client and practitioner can observe the statistics

9) Hybrid-Quantum-Motor (or Quantum-Motor) – based on a biological motor found within the mitochondrial inner-cell-wall and a Quantum-Vortex system combined to generate electricity; perhaps miniaturised to be integrated into satellite systems for Satellite Energy generation and transmission (John Lawrence King – 2002+ N' 4)

10) Chemical affiliate filtration systems for chemical/particle filtration of smog/smoke; also for jet engines to reduce the release of paraffin in the atmosphere; achieved via chemical affinity based on the patterns of science evolution that are quantum equilibrium of the quantum polarizations.

11) Genetic-Tooth-Implants - To be implanted into the gums/bone to grow in a natural way; the development would involve the growth of the nerves as well as the tooth itself so that as the tooth grows the nerves simultaneously grow; the system would probably utilize morphogenesis. (John Lawrence King - 2014). There has been some research from Japan (not me):- World's 1st 'tooth regrowth' medicine moves toward clinical trials in Japan - The Mainichi

12) Real-time _Solid_ State_ miniaturised_ Battery: – whereby the transmitted signal from satellite oscillator changes the battery polarity of the electrons to utilise the electrical charge. Whereby the polarity change of each side of the battery is changed from + to – on the left and – to + on the right via am stepping motor of the satellite oscillator – (John Lawrence King 2024).

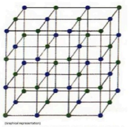
13) Idea towards Room Temperature Quantum Computing Utilizing light through a Crystalline three-dimensional-lattice-structure



(Graphical representation)
Crystalline three-dimensional-lattice-structure

whilst shaking the structure use ultrasonicsound, I hypothesize that the 1e - (charge(s)) and 1e + (charge(s)) during thew bosonic field whilst the light travels through the lattice structure together with the ultrasonic sound will create a gate system (0s & 1s) that could be utilised for both room temperature quantum computing and lattice structure databases systems.
